ABOUT HİB

About Services Exporters' Association

Services Exporters' Association is established by the Ministry of Trade and its headquarter is located in Istanbul. By means of the Sectoral Committees that are established within the institution, the Association aims to create the strategy for services exportation, identify sectoral challenges and offer solutions for these challenges.

In the workshops and training that are held with the participation of our members, sector-based strategies are set up for service exportation. Besides employing trade delegations and buying missions as leading actions of market-entry practices, through participating in fairs and other relevant organizations, it is aimed to allow our member companies to find partners in the international market and gain experience.

Activities of the Association

- Committee Activities in Service Sub-Sectors
- Organizing Sectoral Trade Delegations
- Organizing Sectoral Buying Missions
- National-International Participation in Exhibitions
- Actions to develop new support mechanisms for sub-sectors and the Ministry of Trade's Service Industry Funds
- Special Green Passport for Exporters
- HISER (Increasing the Competitive Power of Service Industry) Projects funded by the Ministry of Trade
- Partnerships with state institutions and organizations, in particular with the Ministry of Trade and Turkish Exporters' Assembly (TIM),
- Communicating with NGOs for cooperation to develop the exportation
- Promotion and cooperation activities with national and international establishments
- Preparation of Sectoral Reports and Action Reports, Seminars, Trainings, Congresses, Projects, Meetings, and similar organizational activities
- PR, Corporate Identity, Media, Social Media actions
