Advisory Board & Stakeholders meeting

On June 4th, we had an enriching meeting with our Advisory Board and different stakeholders. During this session we had the opportunity to present the ExCurS project and its partners, objectives, milestones achieved, next steps and then have a constructive talk in which we exchanged feedback, suggestions,

Project Overview & Key Achievements: Summary of project background, goals, and achievements across WPs (IO1, IO2, IO3)
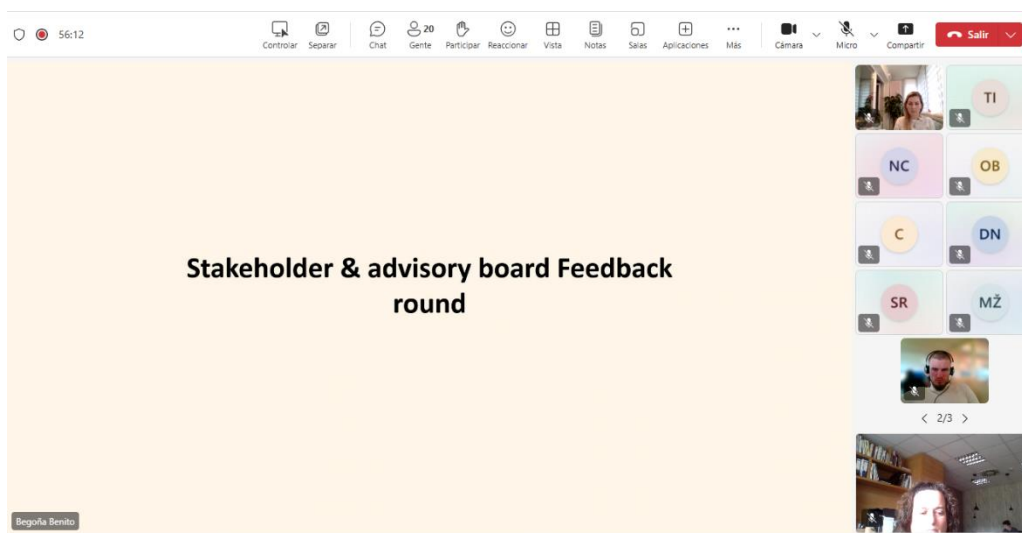

Presentation of the Integrated ExCurS Solution: Overview of the platform and how it integrates the self-assessment tool, training modules.

Stakeholder & Advisory Board Feedback Round: Open discussion: impressions, improvement suggestions, usability feedback.
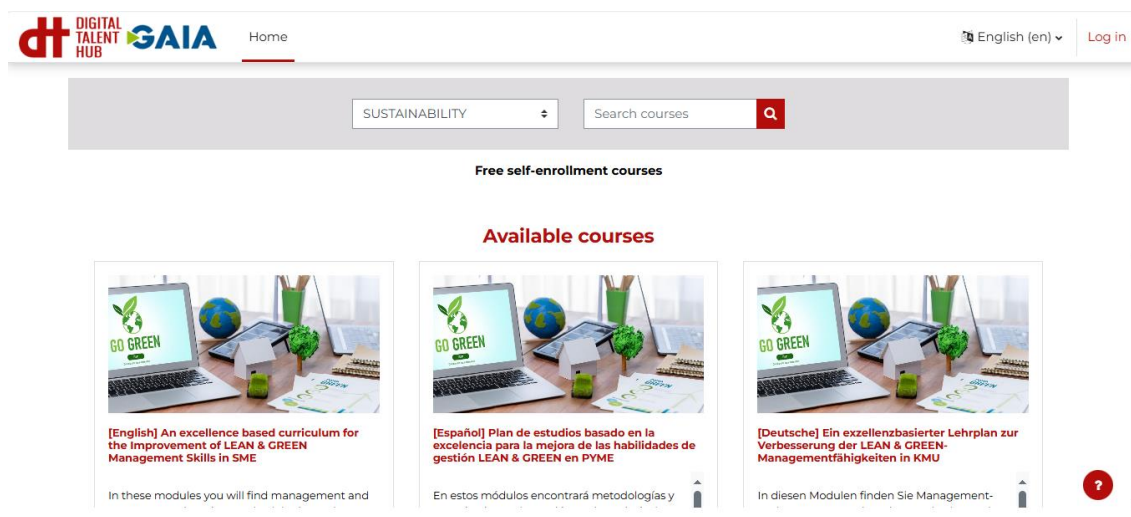

Discussion on Transferability and Sustainability: Outlook on how the solution can be transferred to other regions/sectors and maintained beyond the project.

Closing & Next Steps: Wrap-up of feedback, timeline for final adjustments, and planning for project closing conference.

From here, we want to thank all the attendees for their participation and ideas that will surely help us to improve our project.

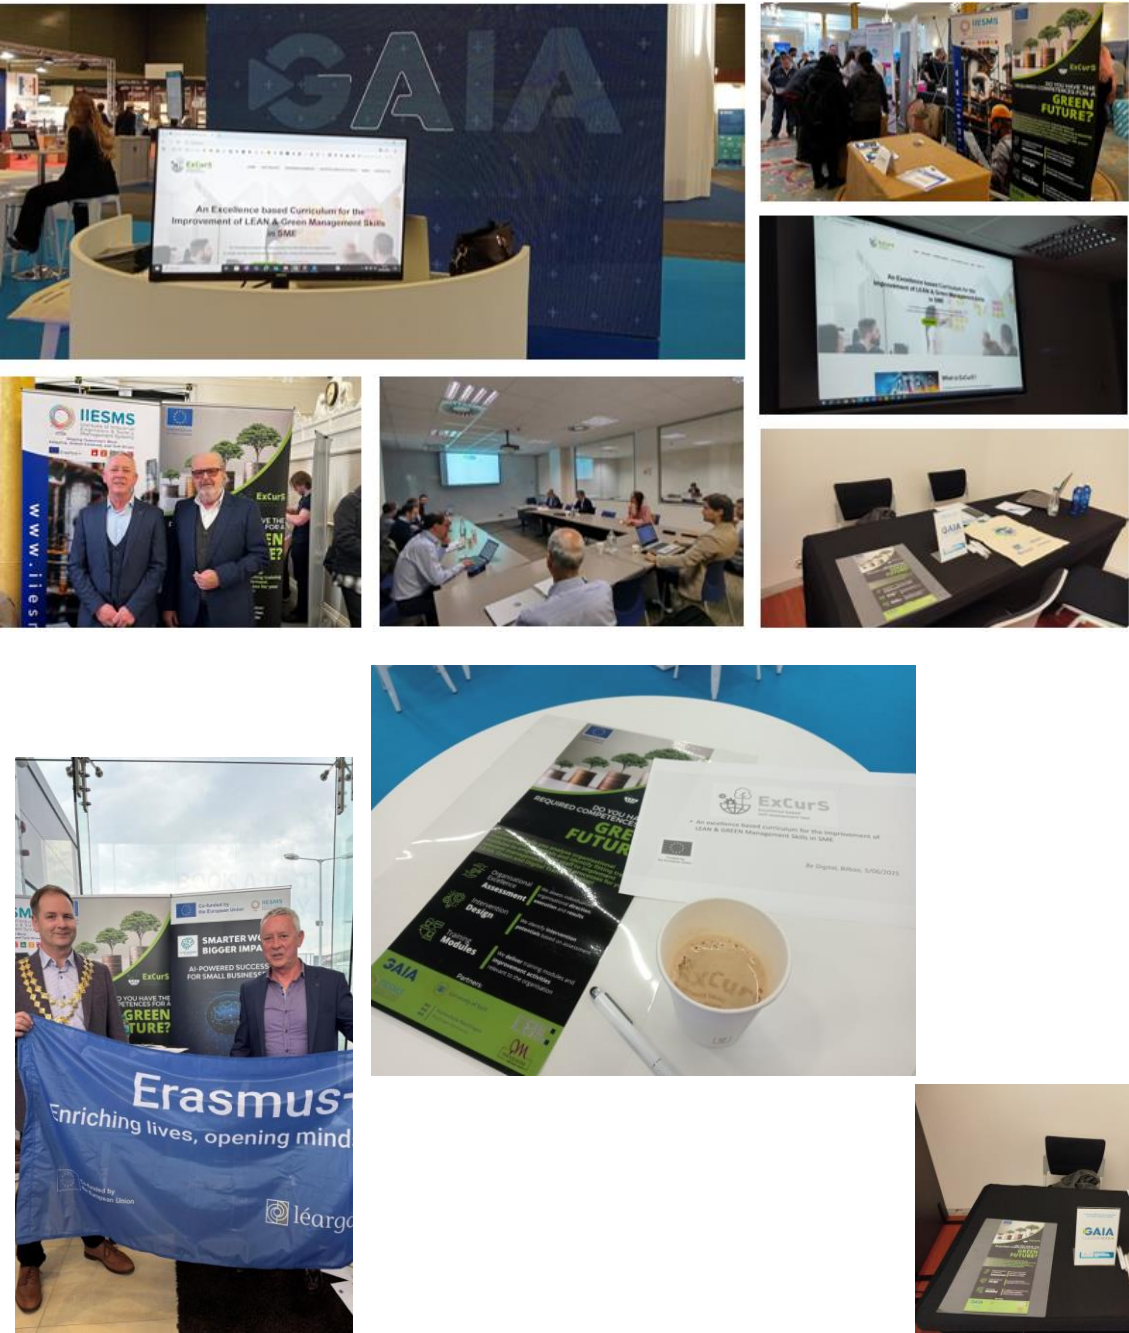

ExCurS Training Platform

Official launch of ExCurS training platform. Free register in our [Virtual Talent Academy](#) and find a complete, tailored and content localized training.

You will find 12 modules in all consortium languages (German, Croatian, Romanian, English and Spanish) and 39 training modules as additional material just in English.

Publicizing ExCurS
